

## **6A-4 General Sign Provisions**

### **6. Anchoring**

- a. No sign shall be suspended by nonrigid attachments that will allow the sign to swing in a wind.
  - b. All freestanding signs shall have self-supporting structures erected on or permanently attached to an acceptable foundation as determined by the UBC.
  - c. All portable signs on display shall be braced or secured to prevent motion.

### **7. Additional Construction Specifications**

- a. No signs shall be erected, constructed or maintained so as to obstruct any fire escape, required exit, window or door opening used as a means of egress.
  - b. No sign shall be attached in any form, shape, or manner which will interfere with any opening required for ventilation, except that signs may be erected in front of and may cover transom windows when not in violation of the provisions of the Kanab Building or Fire Prevention Codes.
  - c. Signs shall be located in such a way as to maintain horizontal and vertical clearance with all overhead electrical conductors in accordance with Electrical Code specifications, depending on voltages concerned.
